# Introduction

## ---Sphere Tree---

With a mission to bring the light back to Naga clan, 12 snake species in the Eastern Realm scatter in different worlds within the Sphere Tree. The Sphere Tree is formed by 315 pieces in the P2E Mode. The last piece has a significant impact on the completion of the Sphere Tree. During this time, a huge amount of treasure will be unlocked. Those who possess the pieces of the Tree will receive a share from its formation.

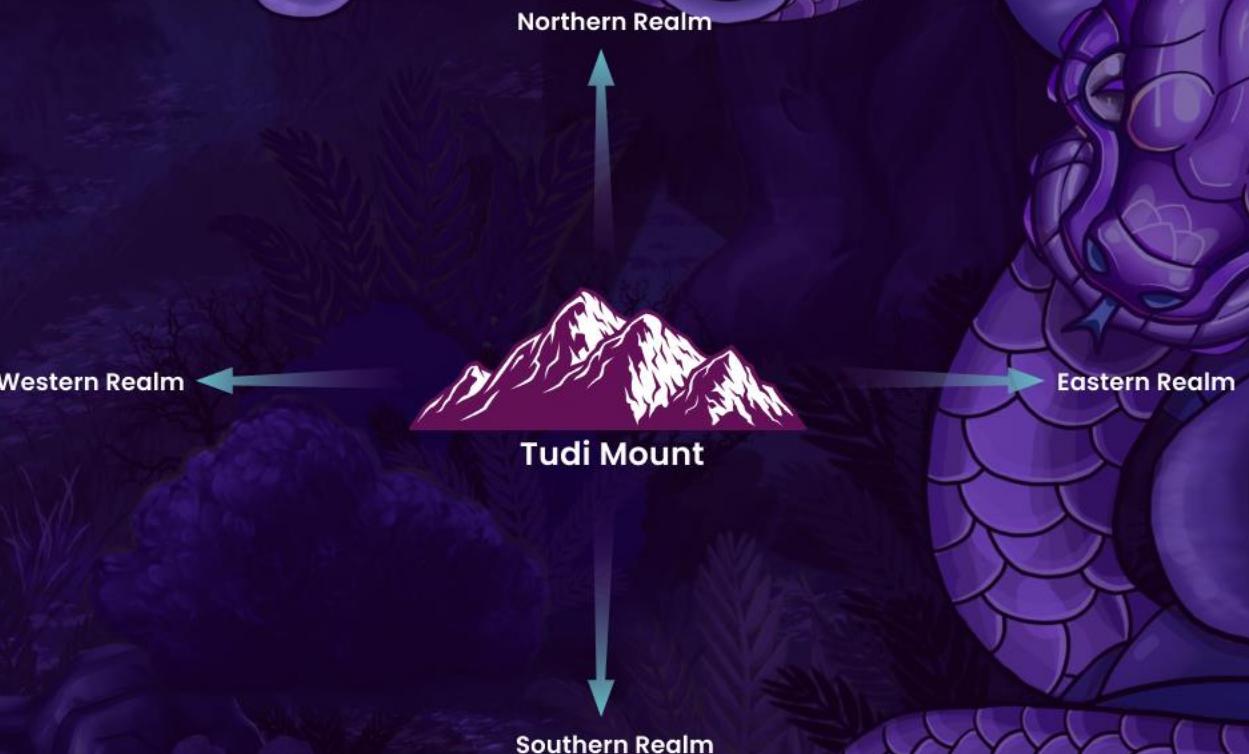

# Introduction

## ---Plot---

Inspired by Naga, the legendary snake god of India, the game features 9 worlds in Norse Mythology. Naga Kingdom was created with a mission to bring the light back to the Naga clan. In this journey, Naga Kingdom begins in the Eastern Realm, where Naga clan evolves into 12 serpent species with different looks, representing 12 animals according to the Eastern culture.

# Introduction

## ---Eastern snake species---

Naga clan evolves into 12 different snake species in the Eastern Realm

12 snake species compatible to 12 animals in Eastern culture

## GAMEPLAY

## GAMEPLAY

1.493.000 player

### ---Freeplay Mode---

#	Name	Value
1	SILVERFROG195	\$446.61
2	Beautifullion765	\$105.59
3	Whitefish1664	\$219.78
4	Sedwolf222	\$450.54
5	BrownFish258	\$501.82
6	Beautifulmouse12	\$589.92
7	Angrycow1732	\$391.02
8	Crazyfish228	\$71.58
9	BlueLear234	\$169.42
10	Tinypancs865	\$490.51
493	BrianVu2111	\$948.46

Freeplay mode is for new players. It is one of the playing modes that has been modified and improved multiple times from other snake games in the market. This playing mode is suitable for millions of players who have not yet acquired knowledge about cryptocurrency.

- No need to connect wallet
- Daily missions
- No ads
- Affiliate program
- NFT Items & Skins

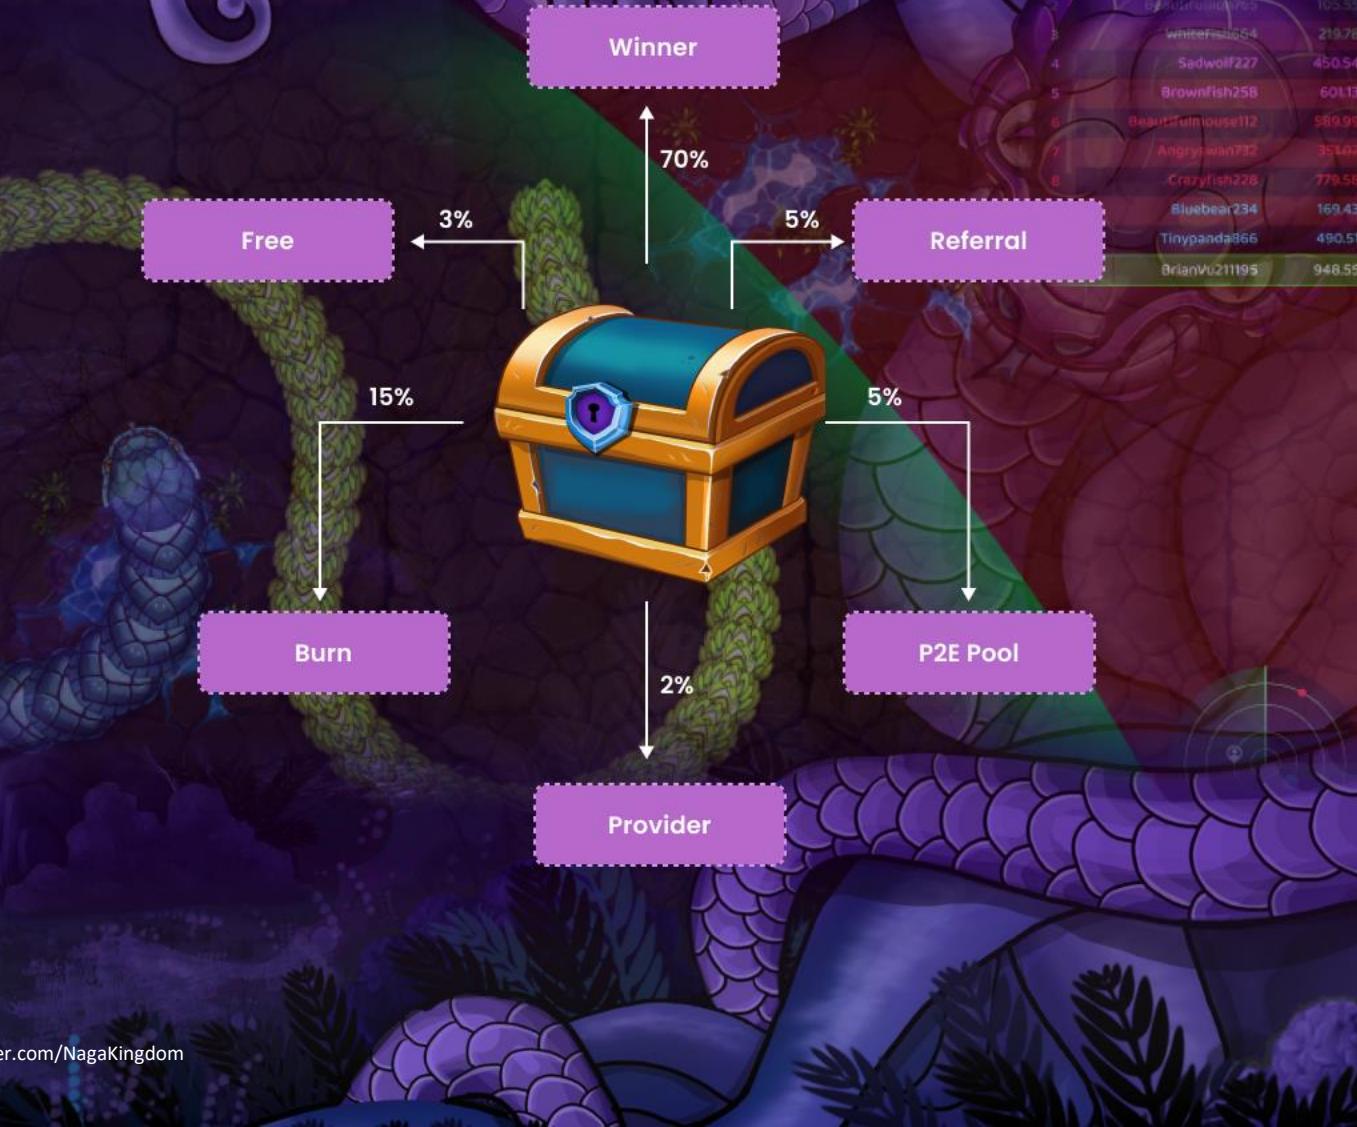

# GAMEPLAY

## ---Arena Mode---

### Rules:

- Need a certain amount of MAGA Tokens to join
- Duration: 5 minutes
- Character stats are not applied in this playing mode
- Try to consume as much food as possible and stay alive till the end of the game
- The reward will be MAGA Tokens (depend on the quality of the snake)

# GAMEPLAY

1.493.000 player  
---P2E Mode---

In P2E Mode, players need to collect chests. The more chests they collect, the more chances they get to receive multiple rewards. Chests are divided into different levels (Level 1 to 7). The rewards are in accordance with the level of the chests.

# GAMEPLAY

## ---P2E Mode---

Each snake species has different game stats. Players can select a compatible character to start P2E Mode.

Snake	Game stats	Fortune (%)	Speed	Radius	Lives

Chest lvl1   Chest lvl1   Chest lvl1   Chest lvl1   Chest lvl1

Chest lv2

Snake lvl1   Snake lvl1   Snake lvl1   Snake lvl1   Snake lvl1

Snake lv2

Clovers lvl1   Clovers lvl1   Clovers lvl1   Clovers lvl1   Clovers lvl1

Clovers lv2

Pet psychics lvl1   Pet psychics lvl1   Pet psychics lvl1   Pet psychics lvl1   Pet psychics lvl1

Pet psychics lv2

# MARKETPLACE

## Publisher (Level 1)

Players can start with level 1 characters and items released from the Smart Contract of Naga. All items are NFTs and created when new players join the game.

## Opensea (Level 2 to Level 7)

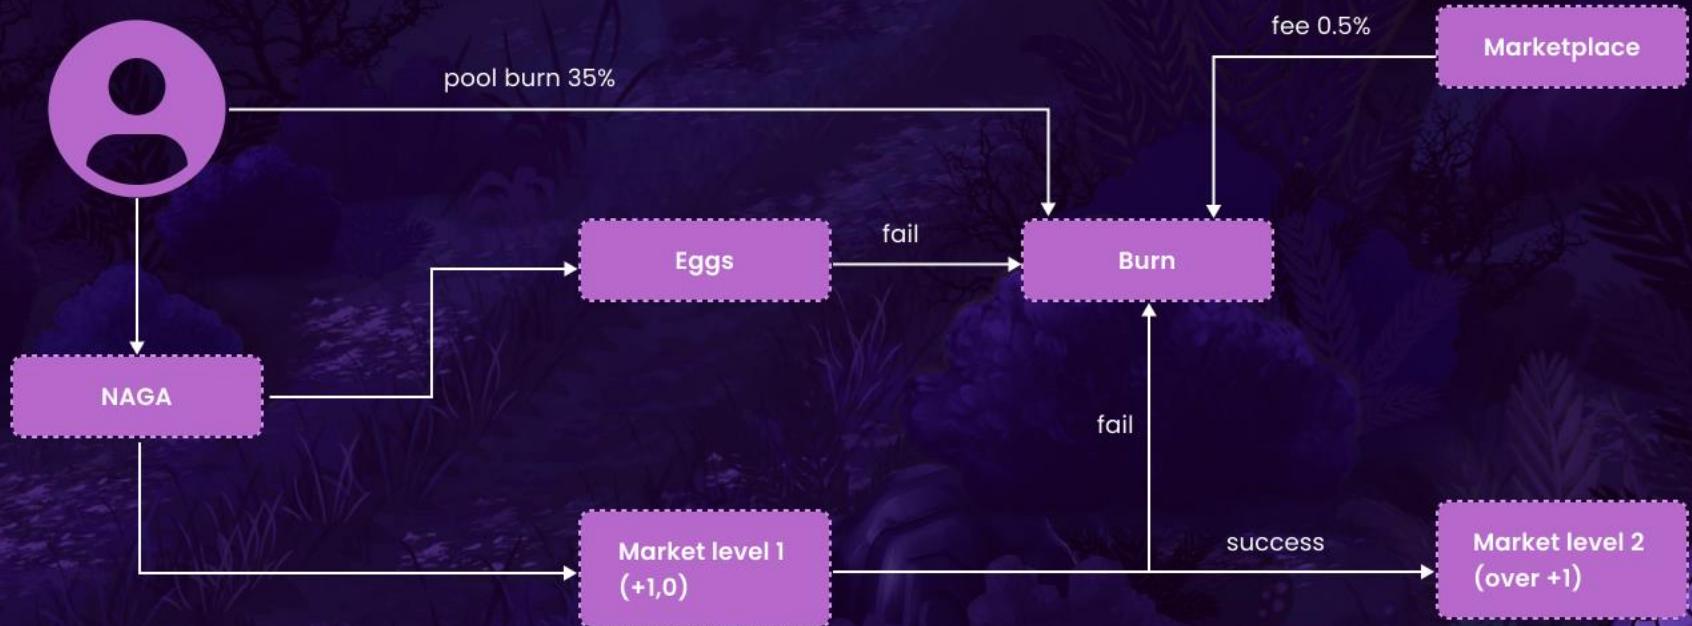

In opensea market, players reserve the right to trade items earned or combined in the game.

# TOKENOMICS

## ---Deflation Economy---

NAGA token is the native token that governs the ecosystem of Naga Kingdom. Besides competing skills, Naga Kingdom also focuses on the prosperity of players to increase probability and ensure sustainability of the game. Deflation mechanism will help NAGA token thrive robustly once the game grows its players.

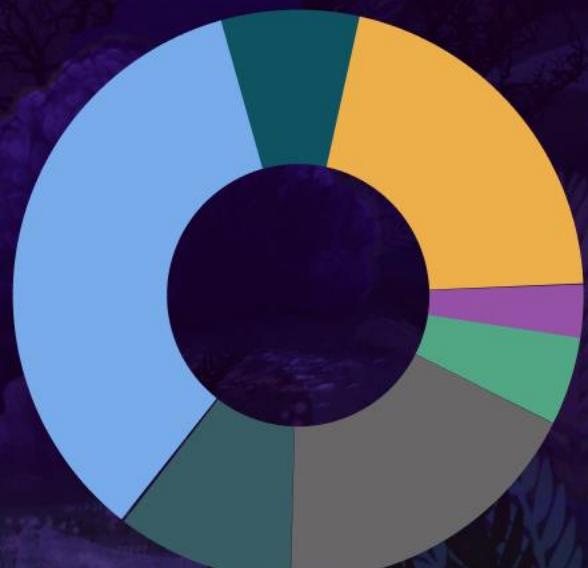

# TOKENOMICS

## ---Allocation & Distribution---

# TEAM AND PARTNERS

## Core Team

**Loc Nguyen**  
Founder and CEO

- Founder of Magicfire (Blockchain studio game)
- 5-year experience in Product Development in Crypto market
- Business model advisor

**Hoang Nam**  
Co-Founder - CMO

- CEO of Infi Capital
- 5-year experience in Internet Marketing
- Experience in building network of 10,000 collaborators

**Manh Luna**  
Co-founder & CTO

- 5-year experience in Blockchain Programming and Technological Infrastructure
- White hat hacker
- 10-year experience in stock analysis and investment

**John Nguyen**  
Co-founder & COO

- 4-year experience in Product Management
- Hanoi University of Science and Technology

**Duong Nguyen**  
Co-founder & Partnership Manager

- Founder & CEO of Shero
- 5-year experience in e-commerce (European market)
- 5-year experience in Internet Marketing
- 4-year experience in Business Management

# TEAM AND PARTNERS

## Core Team

**Pham Viet**  
Tech Lead

- 6-year experience in Software Development
- 4-year experience as Tech Lead
- Hanoi University of Science and technology

**Tuan Anh**  
Design Lead

- 6-year experience in Graphic Design & Edit Video
- 3-year experience in as Lead Design
- FPT Arena

**Ngoc Tu**  
Content Creator

- 4-year experience in Content Marketing
- 6-year experience as bilingual interpreter
- Hanoi University

**Linh Nguyen**  
Product Manager

- 7-year experience in programming
- 3-year experience in Project Management
- Hanoi University of Science and Technology

# ROADMAP

## Long-term & Short-term Development Plan

Jun 2021

- Establish Magicfire Studio
- Strategic Partnership with Tulpo Software
- Build Game Model for Naga Ancient Kingdom

Aug 2021

- Develop product on PC & Laptop
- Build UX/UI for the Game
- Seed Round

Dec 2021

- Initiate demo version of Alpha v1.0
- Run NFT Airdrop Campaign
- Introduce Advisors & Development team

Q1 2022

- Jan: Beta Test, Airdrop 02
- Feb: Testnet
- List on Raydium

Q2 2022

- Livestream Campaign
- Testnet on IOS & Android
- User development
- Mainet - IGO

Q3 2022

- 20 Servers
- Game on Facebook
- Listing
- Mini Game

Q4 2022

- Multi-platform with Gateway

2023

- Game on Oculus Store, Steam
